Volume 7, No. 115

BRAINERD, MINN., THURSDAY, OCTOBER 17, 1907

Price Two Cents

For the Small Pieces

Women's delicate neckwear, dainty embroidery work, fine shirt waists should always be white, bright, and fresh-looking, possess lustre that is subdued and dignified, be firm of body, yet pliable, without the slightest discoloration. In other words, they should be starched with the genuine

KINGSFORD'S OSWEGO Silver Gloss Starch

This is the one starch chosen by careful laundresses for shirts, collars, cuffs, shirt-waists, skirts, lace-work of all sorts. Its purity makes it absolutely harmless. Costs no more than others but goes twice as far.

BEST FOR ALL KINDS OF STARCHING.

For general use boil as directed. For light starching unequalled as a cold water starch, requiring no boiling. Made for over fifty years at Oswego. All grocers, full weight packages.

T. KINGSFORD & SON, Oswego, N. Y. NATIONAL STARCH COMPANY, Successors.

1904, and closing at 50%. This was accompanied by rumors of unfavorable action on the dividend today. Missouri Pacific, Union Pacific, Northern Pacific, Southern Pacific and St. Paul showed net losses of 2% to 5%. A rally set in just before the close on the belief that the effect of the failure had been discounted.

AN ELABORATE DEFENSE.

Prepared by Counsel for the Standard Oil Company.

New York, Oct. 17.—Counsel for the Standard Oil company have prepared an elaborate defense in the government's suit for dissolution of the oil combine, which they say will be developed in its entirety. The government attorneys have concluded taking testimony. The Standard's lawyers said that they had not sought to adduce testimony on cross-examination of officials and employees of the so-called oil trust which would refute the allegations in the federal complaint, but had deferred bringing out much evidence until later when it can be produced continuously and in bulk. No intimation was given of the nature of this testimony.

A telegram was sent to William Rockefeller, assistant treasurer of the Standard Oil Company of New Jersey, by counsel of the Standard, informing him that the government desired him as a witness before adjournment is taken Friday for a month.

Frank B. Kellogg, counsel for the United States, spent Wednesday placing on the record statements submitted by several witnesses showing the profits made by the Standard in different localities. The statements show that the Standard secured information concerning competitive shipments, not only in the United States, but in foreign countries as well.

SALOON TRAGEDY IN IOWA

Two Mining Men Wounded, One of Them Probably Fatally.

Des Moines, Ia., Oct. 17.—Charles H. Morris, president of the Iowa Coal Operators' association and the largest mine owner in the state, and E. C. Johnson, storekeeper at the Enterprise mine, were shot Wednesday morning, the latter possibly fatally.

J. C. Cain, whom they have been attempting to drive out of camp for the past few months, is accused of doing the shooting.

The tragedy occurred in Cain's saloon at Enterprise, where the two men had gone on a peaceable mission at Cain's invitation.

Morris' life was saved miraculously, the bullet striking his gold watch and glancing.

Fire of Incendiary Origin.

Brinsmade, N. D., Oct. 17.—In a fire believed to be of incendiary origin business places valued at approximately \$15,000 were destroyed here. The fire was discovered at 3:30 a. m. and suspicion was aroused on account of attending circumstances.

FIVE MEN DROWNED.

Scow Overturns in the Illinois and Michigan Canal.

Chicago, Oct. 17.—Five men were drowned by the overturning of a scow in the Illinois and Michigan canal near Joliet, Ill. The men were employed by the Shannahan Power company, which is building an electric power plant at the junction of the Des Plaines and Kankakee rivers. Twenty-three men were in the scow.

Girl Fatally Burned.

Minneapolis, Oct. 17.—Eariel Wallace, the little four-year-old daughter of Mr. and Mrs. E. B. Wallace of this city, died of burns received while she was playing in her home. Her dress caught fire from matches which she had in some manner obtained, and despite the efforts of three physicians she lived only one day.

CHINESE MERCHANT SHOT

Wounded by Another Chinaman on a Street in Chicago.

Chicago, Oct. 17.—Chin Wai, a Chinese merchant, was made the target for a fusillade of shots by another Chinaman while walking in Clark street near Van Buren street. Seven bullets struck Wai. The shooting is believed to be the result of the recent formation in Chicago of a league of Chinese merchants for protection against a so-called highbinder's society. Chin is said to be in a critical condition. A bystander also was wounded slightly.

Chin's assailant ran into a near-by basement, where twenty Chinamen were lounging. The police followed and arrested all of them. The police were unable to secure satisfactory information from any of the prisoners, but believe that the guilty man is among them.

Lowers Auto Record.

Birmingham, Ala., Oct. 17.—Christie Strang, a nephew of Walter Christie, lowered the world's mile automobile record for a circular track here by covering the distance in :51%. The previous record was held by the elder Christie, who went in :52 at the Minnesota state fair grounds, Sept. 19,

STOCKHOLDERS MEET

But No Vote Is Taken on Illinois Central Directors.

COMMITTEE CAUSES DELAY

Election Inspectors Slow to Complete Their Examination of Proxies—Harriman's Attorney Practically Was the Presiding Officer.

Chicago, Oct. 17.—The meeting of the Illinois Central stockholders, which was called at noon Wednesday, was adjourned late in the afternoon until today.

No vote on the directors was taken and it is possible that none will be reached until late today. It is generally expected, however, that the early session will see the new directorate established.

The delay was caused by the inability of three election inspectors, appointed to act as a committee on proxies, to finish their work. The adjournment was taken after an earnest tilt between William Nelson Cromwell, Mr. Harriman's leading counsel, and James A. Patten, a prominent member of the Chicago Board of Trade. Mr. Cromwell desired that the meeting be adjourned until 8:30 Wednesday night, while Mr. Patten was set on having it postponed until today.

The proceedings were opened by a meeting of the directors. No business was transacted save that, on motion of Mr. Fish, it was decided to admit representatives of the press.

It was stipulated Tuesday by Judge Ball that a committee of three should be appointed to pass upon the eligibility of the proxies. For this committee Mr. Fish, who was to select one member, chose his private secretary, Charles H. Werman. Mr. Harriman selected Louis Fritch, assistant to the president of the Illinois Central. These two were to select a third, but the choice of the additional member was left to Judge Farrar, acting for Mr. Fish, and Mr. Cromwell for Mr. Harriman. The two men argued for the greater part of the night and discussed many names, but were unable to agree upon the third man.

When the meeting of directors was called it was still undecided, and finally a motion made originally by Judge Farrar that Judge Ball be asked to select the third man was adopted. The judge named F. S. Conway, a prominent manufacturer of this city.

Called to Order by Harahan.

The meeting of the stockholders was called to order at noon by President Harahan of the Illinois Central, about 400 people being in attendance. Mr. Fish was greeted with applause when he entered, but the smaller stature of Mr. Harriman allowed him to enter unobserved. Soon after he arrived Mr. Fish walked over to where President Harahan was seated and placing his hand upon Harahan's shoulder bent over and said a few words to him which were evidently of a pleasant character.

President Harahan, however, was not in the mood for social greetings and threw off Mr. Fish's hand with a manner of much impatience. Mr. Fish merely smiled and returned to his seat.

Mr. Fish occupied a seat at the left of President Harahan, being surrounded by his attorneys and advisers. Mr. Harriman, who left the conduct of his affairs entirely to Mr. Cromwell, occupied a chair in the front row of the stockholders seat, sitting next to Governor Deneen of Illinois, with whom he conversed cheerfully. Next beyond Governor Deneen sat the son of Stuyvesant Fish, with whom Mr. Harriman cordially shook hands as soon as he observed him.

The actual proceedings of the meeting were opened by the collection of the names of stockholders personally present and then Mr. Cromwell, who to all intents and purposes was the presiding officer, declared that the three inspectors would receive the proxies in an adjoining room. He also moved that the meeting take an adjournment until 3:30 in the afternoon. The motion was adopted.

Immediately after President Harahan had called the meeting to order at 3:45 o'clock, Mr. Cromwell moved that adjournment be taken until 8:30 p. m., to allow the committee on proxies to finish and present its report. Mr. Patten amended the motion by changing the time of meeting to today, and the amendment carried.

Rumor of Mine Disaster.

Pittsburg, Oct. 17.—An unconfirmed rumor has reached here that an accident occurred last night in a coal mine at Ellsworth, Pa., about fifty miles east of here. One report says that a score of men have been killed and a large number injured by an explosion.

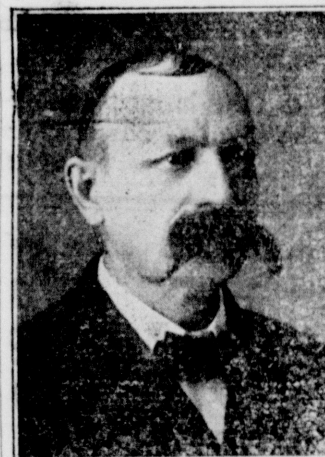

Two splendid styles of Black Velour Coats

INFORMED OF ACCIDENT.

Alfred Dupont Sends Money for Relief of Sufferers.

Wilmington, Del., Oct. 17.—Alfred G. Dupont, vice president of the Dupont Powder company, who married Miss A. Bradford Maddox in New York today and who intended to take a long motoring trip as his honeymoon, was informed of the explosion at Fontanet immediately after the wedding. Mr. Dupont at once cancelled his intended trip and wired \$5,000 to Governor Hanly of Indiana for the immediate relief of the sufferers. He authorized the governor to use any amount in excess of the \$5,000 if he finds it necessary. Mr. Dupont left for Fontanet to personally supervise the work there.

The Making of an American.

"Talk about 'The Making of an American,'" said a settlement worker who is occasionally called upon to run over to Ellis Island, "awhile ago I happened to take particular notice of a young Polish girl who had just been released from Ellis Island with a lot of other immigrants. The girl was met by two women, one of them apparently her sister. The trio crossed Battery park just ahead of me and I soon saw that they were bound for the same ferryhouse as I. They reached the upper deck only a moment before me, but by the time I got there the shawl that covered the young immigrant's head and shoulders had been pulled off, her hair fixed a bit and a brand new hat and wrap put on her by the other two women who had brought along the finery to make the newcomer fit to be seen going home with them."—New York Sun.

Dancing is as old as history. There is no record of the time when the dance in some form was not practiced. Beginning probably in the exuberance of animal spirits, it later became an expression of religious emotion, then of warlike ardor and finally settled down into its purely social phase.

TELEPHONE CO. IMPROVEMENTS Considerable Money to be Spent on Brainerd Exchange the Coming Summer

WILL BE A NEW LINE TO BEMIDJI All Copper Circuit to Bemidji to Be Installed for Through Business

Manager Jones, of the local telephone exchange, who returned a few days ago from a district convention of local managers, informs THE DISPATCH that there will be some important improvements in the local telephone exchange next spring. This much has been definitely promised by the management of the company. The exact nature of the improvements will be decided upon by the superintendent of construction.

In addition to the work on the local exchange there will be an all copper circuit put in from here to Bemidji. The new circuit will not be used for local business, but exclusively for new business. Only Brainerd, Walker, Bemidji and possibly Pine River will be placed on this circuit. This will relieve the present circuit of much of the work now done on it and will therefore improve the service to the smaller towns. A new copper circuit will be put in this fall between Park Rapids and Walker. When asked as to telephone connection with International Falls Mr. Jones stated that from Bemidji north the territory was in the Crookston district and the matter was not brought up at the convention. He seemed to think, however, that it would be in accord with the policy of the company to put in such a line.

HOW TO MIX IT Directions to Prepare Simple, Yet Remarkable Home Mixture for Rheumatism

A well-known authority on rheumatism gives the following valuable, yet simple and harmless, prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsapilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

PLEASANT SOCIAL EVENT

Reception for Dr. E. K. Copper and Rev. Charles Fox Davis at M. E. Church Largely Attended

A large crowd of members and friends gathered last evening at the Methodist church to give the hand of welcome to Dr. E. K. Copper and Rev. Charles Fox Davis for another year's work in Brainerd. Mrs. J. B. Treglawney and Mrs. Fred Slipp were the receiving committee with the two above named gentlemen and their families. After the social reception, J. H. Noble took the chair, and after a brief address, called upon Mrs. Annie Curtis, who in behalf of the church generally, gave an address of welcome in a very terse and pleasing manner. Other addresses were given by Revs. McLeod, Abramson, Berry and Knowles with Dr. Copper and Rev. Davis briefly responding. Instrumental numbers were rendered by Miss Drexler and Miss Whitford, and vocal solos by Mrs. T. E. Nitterauer and Miss Mildred Fawcett, Mrs. W. S. Rounds and Miss Beatrice Noble being the accompanists. Light refreshments were served at the close.

Trial Ascents Postponed.

St. Louis, Oct. 17.—Weather conditions interfered with the plans of two of the balloon teams entered in the international cup races and trial ascents planned for Wednesday were postponed.

TELEGRAPHIC BREVITIES.

Six deaths from cholera and eighty-eight fresh cases were reported at Kiev, Russia, Wednesday.

The tug Christian of Amherstburg, valued at \$10,000, burned to the water's edge in the lower Detroit river Wednesday.

The observatory on the Isle of Wight recorded a severe earthquake Wednesday, beginning at 2:15 p. m. and lasting over four hours.

At Indianapolis, Packy McFarland of Chicago knocked out Joe Galligan, also of that city, in the ninth round of a scheduled ten-round bout.

Through Richard Croker, Nathan Straus of New York has offered the city of Dublin a complete pasteurizing plant to assist the municipality to combat tuberculosis in the slums.

Breathe Hymel's Tonic Healing and be Cured of Catarrh

Nature has a remedy for catarrh, a treatment that is far better than dosing the stomach with medicine.

It is the healing oils and balsams of Hymel which medicates the air you breathe, reaching the most remote air cells in the nose, throat and lungs, killing all catarrhal germs, and restoring health to the mucous membrane. In using Hymel you are treating your catarrhal troubles with the only natural remedy, for it gives a curative air bath to the air passages that has as powerful healing and antiseptic effect as that found in the mountains where the pine forests give off their fragrant and healing balsams.

Breathe the invigorating and healing Hymel, and see how quickly you will get relief from your catarrhal troubles. H. P. Dunn has seen so many cures, even of the worst cases of catarrh, with offensive breath, raising of mucus, frequent sneezing, droppings in the throat and spasmodic coughing, that he feels warranted in selling Hymel under an absolute guarantee to refund the money if it does not do all that is claimed for it. He takes all the risk. 109-114-116

"The College Widow"

"The College Widow," which was produced at the opera house Wednesday evening, is certainly one of the greatest comedies of recent years, and the company which played it was fully up to the standard set by the play. The cast is a large one, yet there was not one weak spot in it. There are very few plays written which give such varied scope for different characters as does this. Each character has a distinct personality and the entire play is permeated with natural humor. There is no comedy part, yet nearly every character created amusement, even as every character in life does laughable things. The staging of the play was good and the performance won the hearty applause of the large audience present.

Elliott A. Boyd

Of Elliott A. Boyd, who opens the Y. M. C. A. lecture course at the Congregational church next Monday evening the Cazenovia, N. Y. Seminary News says:—The lecture by Elliott A. Boyd in the Methodist church on "The Seen and Unseen" was a really great lecture. From the press notices much was expected and none were disappointed. The lecture was earnest, eloquent, most elevating in its teaching and showed great care in its preparation, and its author possesses a mind of high order. He will be heartily welcomed should he come again.

"Bijou"

The headliner at the Bijou for Thursday, Friday and Saturday nights is "A Case of Arson," 1,000 feet long and special tint. This film has an unprecedented run in Minneapolis and St. Paul, and the press notices of both of these cities recommend it the public as a most wonderful photographic production. The other pictures are of high class order, and are in keeping with all excellent pictures shown at this popular little theatre.

Health in the Canal Zone

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by H. P. Dunn & Co druggists. 50c.

THIRTY-EIGHT MET DEATH

Six Hundred Others Were Injured at Fontanet, Ind.

Fontanet, Ind., Oct. 17.—Thirty-eight killed, 600 injured, of whom fifty were seriously hurt, and property loss of approximately \$750,000 is the latest estimate of the destruction wrought by the explosion at the Dupont powder mills Tuesday. From William Sherrow, a workman in the glazing mill, it was learned that a "hot box" which was caused by too much friction on the shafting, causing sparks to be transmitted to loose powder, was in all probability the cause of the terrible catastrophe. Sherrow, who is dangerously hurt, said:

"The explosion was caused by loose boxing on the shaft. The day before we had to throw water on it when it became too hot. This time it got too hot and sent off the sparks that caused the explosion."

Another company of state militia has arrived from Indianapolis. The town is under martial law, the two companies of state troops being in full control.

Coroner Leavitt of Vilgo county spent the entire day Wednesday investigating the accident. He thinks that not more than thirty men were at work at the time the explosion occurred.

The injured at this place and Terre Haute are getting along nicely and it is thought that no more deaths will occur.

"No, Geoffrey," protested the beautiful girl, "you mustn't do that. I have never allowed a young man to put his arm around my waist." "That being the case, Gwendolen," he answered sadly, but with firmness, "you will have to take your head off my shoulder."—Chicago Tribune.

DEERWOOD NOTES

Mrs. J. W. Schenck was a Brainerd visitor between trains on Saturday.

Mrs. Wm. Coffin, of Brainerd, spent Saturday and Sunday visiting with relatives and friends.

Miss Marjorie Archibald was a Bay Lake visitor on Sunday.

Rev. Justis Parish is again with us for another year.

Johnnie Bye, of Brainerd, was a Deerwood visitor on Sunday.

Henry Hamdoef, of Cedar Lake visited at the homes of Wetzel and Wasszeicher on Saturday evening and Sunday.

A. H. Clark, of Minneapolis, and a layman of the Methodist church gave a temperance talk to a large audience on Sunday evening. It was greatly enjoyed by all who heard him.

Mr. Anderson is putting up a neat little cottage for Andrew Benson. It will contain three rooms.

Mr. Rudolph is building a chicken house for Harry Patterson. Mr. Patterson evidently thinks chickens a paying proposition, and says this coming summer he expects to go into the poultry business quite extensively, keeping also ducks and geese.

Mrs. Robert Archibald went to Brainerd on Thursday to do some shopping and also see Mrs. Coffin and Earl Archibald at St. Joseph's hospital.

Jacob Palmer and family are now nicely settled in their new house on Archibald Ave.

Claus Theorin was a Deerwood visitor a week ago. He says he was looking for ducks and escaped convicts this time.

Shériff Erickson was a Deerwood visitor on Monday. On Wednesday last there was born to Mrs. Irwick twin girls. Mother and babies are getting along nicely.

Dr. and Mrs. Reid, Mrs. Coffin, Mrs. Wasszeicher, Mr. and Mrs. Wetzel, Mrs. Patterson and Miss Wetzel were visitors at the Raymond farm on Sunday.

On Friday last while Miss Olga Carlson and her brother, William, were driving to town, the horses got frightened at a passing freight train, running up the bank along the road, throwing Miss Carlson and her brother out of the buggy. Miss Carlson was badly frightened becoming hysterical and received several bruises and cuts on her face. The shaft and harness was badly broken and those who witnessed the accident claim it a wonder they weren't all killed. Fortunately all was mended and no serious effects was noticed. The Carlsons live about three miles from the station, so it was a pretty serious affair.

On Saturday evening some of the younger set got up a surprise on Cecile Rathvon. Those present were the Misses Wright, McCarvill, Ekman, Palmer, Hilyar and Josephine Hilyar, also Messrs. Palmer, Locke, Hage, Archibald, David Archibald and Holman. A dainty lunch was served and a very enjoyable time spent, all declaring Miss Cecile a royal entertainer.

Olson Bros. will do some extensive logging operations at Clearwater lake this winter. The head office will be in Deerwood and they have erected a neat building near the Olson livey barn.

Mr. Swanson, who sold his land in the town west, is building himself a neat cottage on the lot purchased back Hogan's blacksmith shop.

The Ladies' Aid passed the following resolutions at their meeting held at Mrs. Wasszeicher's, Oct. 16th, in commemoration of the death of their beloved president, Mrs. James Lechlitter:

RESOLVED, That we, the members of the Ladies' Aid society, by the death of our president, Mrs. James Lechlitter, a sister member and a founder of this society, have lost one of our most valuable members, her husband, a loving wife and her daughter, a thoughtful mother, therefore be it

RESOLVED, That we feel with great sorrow the loss of our beloved sister, we must bow to the will of the Almighty Ruler and pray that he will comfort the sorrow stricken husband and daughter, and be it further

RESOLVED, That these resolutions be spread on the records of this society.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. ONE OF THE GRAND PRIZES

To be given in the Great Voting Contest

"THE MAN THAT HATH NO MUSIC IN HIMSELF, NOR IS MOVED WITH CONCORD OF SWEET SOUNDS, IS FIT FOR TREASONS, STRATAGEMS AND SPOILS"—Merchant of Venice.

THE world owes its gratitude and homage to great single minded men who have devoted their lives, energy and genius to the production of one thing, to the accomplishment of one purpose or the final development of one idea. **The Chickering Piano** is an example of the grand final result of years of patient labor, untiring effort and persistent, continual striving after the very highest artistic musical idea.

Whole lives have been spent at the task, sons have taken up the work where their fathers left off, and grandsons have continued in their fathers footsteps.

Thus has been evolved, step by step, the great triumph of mechanical genius and musical construction, a combination of brains and cunning skill that has given the world the greatest piano ever produced.

THESE famous piano fortes have been made continuously since 1823, and the pre-eminence of this piano is the result of 84 years of application of this genius. The jealous guarding and care of a reputation gained by patient labor and constant striving for the ideal, has made. **THE CHICKERING PIANO** the masterpiece of piano art in the world today, and the more than four score years of experience is exemplified in the beautiful tone found only in the Chickering piano. It is peculiar to them. No other maker, though probably all have tried, has succeeded in reproducing it.

Receipients of 119 medals and awards, honored by learned societies, by world expositions, by states and sovereigns, including the decorations of the Cross of the Legion of Honor, the Chickering stands today in a class by itself.

And This is But One of the Pianos We are giving Away Absolutely Free

THIS Special Chickering Piano we are offering you is known as the Louis XV style, or Art Grand, the newest Grand Piano made by this World-famous firm of piano makers. It is truly a magnificent instrument, of rare beauty and exquisite tone. The design is very beautiful and would add grace and refinement to any home where true art is appreciated. This piano is now on exhibition at our store, and it would be worth your while to see it, if for no other reason than that you could say, "I have seen the most perfect piano made."

No Contest in all the World Like This

THERE has never been anything like it. And mind you there are thirteen other magnificent pianos, together with eight hundred and eighty-six splendid, valuable prizes, any of them well worth trying for, and you can win one too, whether it be one of the grand prizes or one of the smaller ones lies entirely with you, but the winners of the big prizes will be those that

Start Now While the Contest is in its Infancy

If there is any little detail of the Great Contest that you do not fully understand, call or write to our contest manager, as we want to help you in every legitimate way that we can.

Important In reply to many inquiries we wish to state that a vote once voted cannot under any circumstances be transferred to another contestant, as this would be manifestly unfair, as several contestants toward the end of the contest might combine their votes and defeat some contestant who would rightfully be entitled to a grand prize. We would impress upon everyone that this contest is to be managed in a manner that will be absolutely fair and just to all.

PHILIPPINE ASSEMBLY

Formally Opened by Secretary of War Taft at Manila.

HIS VIEWS ARE UNCHANGED

Reiterates His Former Statements Regarding Independence of the Islands. Intimates That Misbehavior Will Result in Abolishment of Legislature.

Manila, Oct. 17.—Secretary Taft formally opened the Philippine assembly in the National theater at 11:15 a. m. in the presence of a large crowd of people.

In his opening address Mr. Taft reiterated his former statements regarding the Philippine islands, declaring that his views announced two years ago regarding the independence of the Philippine people were unchanged. He did not believe that they would be fitted to govern themselves for at least a generation, but he added that the matter was entirely in the hands of congress. The secretary denied emphatically that the United States had any intention of disposing of the islands, said he had absolute confidence in the Filipinos, denied that he was disappointed at their ability to legislate conservatively and asserted his belief that they felt their responsibility and acknowledged the necessity of supporting the American government. Mr. Taft refrained from making any suggestion regarding specific legislation on the part of the Philippine assembly, but he recommended that attention be paid to the civil service.

At the close of his address, Mr. Taft formally called the assembly to order, a short prayer was read by the only native Catholic bishop in the islands and the assembly took a recess until 5 o'clock in the afternoon.

Osmena Chosen President.

Upon reassembling, the first business was the selection of a president and Sergio Osmena, Nationalist and formerly governor of the Island of Cebu, was chosen. Senor Osmena is a young man. He took no part in the revolution and is held in high esteem by the government and by his own people.

All the assemblymen, including Senor Gomez, whose election is to be contested, were then formally sworn in. The oath included an acknowledgment of sovereignty and allegiance to the United States.

The only business transacted was a selection of a secretary. The delegates showed they had no understanding of parliamentary law and procedure.

Secretary Taft failed to satisfy some of the American residents of Manila regarding the policy of the American government. The general impression is that his speech was placative. He intimated that misbehavior would result in the abolishment of the assembly, but it is declared that this contingency is not expected. Filipinos express no opinion of Mr. Taft's speech, one way or the other.

DELEGATES SUPERSTITIOUS

The Hague Peace Conference Will Hold Its Final Session Saturday.

The Hague, Oct. 17.—Because many of the delegates are superstitious, the second international peace conference will hold its final session Saturday instead of Friday. It became known Wednesday that some of the superstitious delegates are of the opinion that it would be an ill omen to hold the last session on Friday, particularly as the conference will have signed thirteen conventions.

It is asserted also that before the convocation of a third conference Germany, Austria-Hungary and Great Britain will insist, in view of the experience gained at this conference, that the small states be excluded, but there is actually nothing to justify such a statement. Indeed, a majority of the delegates are of the opinion that it will be impossible to return again to an arbitrary division of the countries, as at the first conference.

ATTACK ON JAPANESE.

Sensational Account of Frisco Incident Published in Japan.

Tokio, Oct. 17.—A special dispatch made public here gives a sensational account of an attack on Japanese by a mob at San Francisco and relates the destruction of Japanese property and the fatal injuring of one Japanese.

The foreign office has no information of this occurrence and is not inclined to express an opinion thereon. One official said that if the facts are as published, it is only another evidence of the action of irresponsible persons who do not represent the real sentiment of America. This affair is regarded as particularly unfortunate, however, on account of the splendid reception by the officials and merchants of Japan to Messrs. Burke and Backus, delegates from the Seattle exposition, who have been feted for ten days.

Charged With Embezzlement.

Baltimore, Oct. 17.—John J. Arizio, until about four months ago receiving teller of the Italian Savings bank of New York, is under arrest here charged with the embezzlement of \$300 of the funds of the bank in November, 1906. Back of this, however, is said to be a shortage estimated at \$30,000.

How to get Rid of Fat

A Remarkable Discovery That Can Reduce Fat Harmlessly at the Rate of a Pound a Day

A Trial Box Sent Free

A quick, harmless reducer of fat, called Rengo has come into popular use which far eclipses any method or treatment heretofore used.

Rengo requires no exhausting exercises, or starvation dieting to help it out as so many of the so-called fat remedies do. You can go right ahead and attend to your regular daily duties. It compels proper assimilation of the food and sends the food nutriment into the muscles, bones and nerves and builds them up instead of piling them up in the form of excess fat. There is nothing "just as good," as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid, by the Rengo Co., 351 Rengo Bldg., Detroit, Mich. The company will gladly send you a trial package free by mail, if you write them direct to Detroit; no free packages at drug stores. For sale and recommended in Brainerd by H. P. Dunn & Co., Druggists.

Disastrous Floods in Spain.

Barcelona, Oct. 17.—The total of the damage in this region resulting from the floods is estimated at \$16,000,000. In the Manresa district alone seventy-one factories have been destroyed, involving a loss of \$1,000,000.

Part of a City Burned.

Jacksonville, Fla., Oct. 17.—Fire which started in the opera house at Plant City destroyed the southern portion of that city. Twenty business houses and residences were destroyed. The loss is estimated at \$75,000.

Making Good.

There is no way of making lasting friends like "Making Good," and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunks.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, four breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper. No secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for women's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—one to three a dose. Much imitated but never equalled.

"Goldhelmer must be awful rich."

"What makes you think so?"

"I saw his daughter, who they say is engaged to a nobleman."—Ulk.

BACK GIVES OUT

Plenty of Brainerd Readers Have This Experience

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back gives out—it aches and pains;

Urinary troubles set in.

Don't wait long—take Doan's Kidney Pills.

Brainerd people tell you how they act.

David Northrup, 918 Fron St., Brainerd, Minnesota, says: "Backache and kidney complaint were of short duration in my case after I began using Doan's Kidney Pills, procured at H. P. Dunn & Co's drug store. There has been a dull steady aching in my back and lameness across the loins. It only required one box of Doan's Kidney Pills to regulate the action of the kidneys to a normal condition, remove the backache and impart tone and strength to the parts affected. From the results I obtained I believe any sufferer from kidney complaint will find in Doan's Kidney Pills a most valuable remedy.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doans—and take no other.
